GREEN SCREEN PHOTOGRAPHY creates a fun and interactive photo experience that generates excitement among event attendees and helps you capture the live pulse of the event. The number one thing people tell others about after an event is the interaction they had with other people. The more fun the interaction, the more memorable it is. Guest photos are available immediately on-site and in real-time at the event. The one thing everyone keeps is a unique photo of themselves!

Choose From 50+ Backgrounds as you stand in front of a green screen.
We super impose your body in a setting of your choosing and print on site for you to take home.

Package Includes:

- Green Screen Back drop
- Camera w/ Photographer
- 4 x 6 Printer
- Props and Costumes
- Photo Sleeves
- Opt for print into Frames/key chains/snow globes/ poster size
- Custom Magazine Cover with Custom Headline Overlay
- Custom Props. Custom Costumes.
- Custom background of your location, building, product or service to be promoted.
- Custom sleeve labels.

(FAQs) Frequently Asked Moon Jump Rental Questions

Q: Why should I choose A MOON JUMP 4U for my event?

A: We are a locally owned, family operated company that has been proudly serving Chicago land and the suburbs since 2001. Because we live & work in the community we pride ourselves on helpful, friendly customer service. With over 370 different styles of inflatable's to choose from, we know we can provide the right product for every party.

Q: How far in advance should I make my reservation?

A: The sooner the better! People reserve our units weeks and sometimes months in advance. We don't want you to miss out on the fun! The weekends are our most popular days and book up quickly. So the earlier you reserve the more choices you have.

Q: Do you require a deposit?

A: Yes. A deposit is required at the time of booking. The deposit does go toward your balance. The remainder is to be paid in full at the time of set-up.

Q: May I have my event at a city or county park?

A: Yes. However, certain permit or licenses maybe required by the park district or forest preserve. Most require proof of insurance (certificate of insurance). Check with the individual park or call us to find out the requirements. There is a \$50 fee to be named as additionally insured.

Q: Will the moon jump ruin my grass?

A: No. The grass will jump back to its natural form within a day or two.

Q: When do you deliver my order to the party?

A: We usually deliver in the morning between 8am and 11am. Pick up will begin after 7pm. If there are special time requirements, our professional full-time staff will work with you. If a later pick-up is required, an additional charge of \$50 will be assessed.

Q: What if I do not have electric near by?

A: We keep generators available in inventory for an additional rental fee of \$105 guaranteed up to 4 hours.

Q: What are important questions to ask when renting a moon jump?

A: Does the moon bounce have a safety ramp? If not, do not rent it. If they do not invest in the additional safety ramp to ensure the safety of the participants, do not rent from that company.

Q: What type of solution is used to clean the moon bounce?

A: The correct answer is an antibacterial disinfectant. If they do not know, they aren't using one.

Q: What is the right size moon jump for me?

A: Get the largest moon jump that will fit in your yard. The more room the kids have to bounce, the safer everyone is. We carry, 8x8, 10x10, 13x13, and 15x15 and even 22x22. If you are not sure, ask about a site inspection.

(FAQs) Frequently Asked Moon Jump Rental Questions

Q: What if it gets really windy outside?

A: The moon bounces must be shut off if winds exceed 15 mph. No exceptions!

Q: Is it ok to tip the driver?

A: Please do! Our drivers work really hard to make your party a success. If they have done a good job, please let them know.

Q: How much should I pay for a Moon Jump?

A: You get what you pay for – Cheap moon jumps cost less and therefore are rented for less. The higher quality moon jumps, have the latest safety features and better bounce cost more and therefore cost more to rent. If you want the convenience of having someone deliver, set up, give instruction, and remove the moon bounce, you will pay more. If you don't mind giving up your time, there are rental agencies where you can pick up a moon bounce in your own vehicle, (they can weight up to several hundred pounds) set it up, take it down, fold it up and drive it back – you will save about \$20.

Q: Can the moon jump be left over night?

A: Experience has shown that leaving them over night increases the chance of the moon jump getting moist and developing mildew, which is unhealthy and difficult to remove. As long as the moon jump is on your property, you are responsible for the unit. Therefore for your own peace of mind, we pick up the moon jumps and inflatable units the same day. This way you do not have to baby sit the moon jump, after your guest leave.

Q: Does the blower on the moon jump need to be running all the time?

A: Yes. The inflatable will deflate if the blower is turned off.

Q: Can I set a moon jump on my lawn if I have a sprinkler system?

A: Yes. Please notify our office at the time of booking. We will mark the contract accordingly. Our drivers will provide several hundred pounds of sand bags for anchoring the unit down. Metal stakes will not be used. A \$20 charge will apply for the additional service.

Q: Why do I have to rent for the day rather than the 3–4 hours?

A: We previously offered hourly rentals and found that most customers needed it longer. It 's rare that we come to pick up a jump after an 8-hour rental and its not being used UP to the last minute. Renting a moon jump should be the least of your worries during the day of your event. Having it show up late or set-up or taken down while your guests are there can be stressful and inconvenient.

Q: Do I need an attendant?

A: There must always be someone supervising the moon jump. The most important duties of an attendant are limiting the number of kids in the bounce house at one time and making sure that the kids are all of similar size. Trained attendants are available at a additional cost.

(FAQs) Frequently Asked Moon Jump Rental Questions

Q: What are the rules when using a moon bounce?

A: No food or drink, no shoes, no sharp objects, no visible metal zippers, no medical conditions including pregnancy, no wrestling/roughhousing, no hanging on the netting, no flips, no Silly String or Sand.

Q: Can you set the moon jump up on cement?

A: Yes, the moon bounce will be secured with sand bags rather than stakes. However, it is highly recommended that the moon jump be set up on grass whenever possible. It is possible that someone could slip getting into or out of the moon jump and hit the ground. The cement is unforgiving when this happens. There is an additional \$20 fee for a hard surface set-up.

Q: Can you set the moon jump up anywhere in the yard?

A: The moon jump needs to be within 100 feet of an outlet.

POLICIES

Cancellations:

The deposit is non-refundable. This deposit may only be refunded due to weather (rain/high winds/hail). If you decide to cancel your order once the driver has arrived at your door or is already on the way, payment is due in full.

Delivery / Set-up:

We deliver, set-up, and pick-up all rentals. All you have to do is pick up the phone & call. We will deliver and set up your inflatable typically in the morning. We insure that it is clean and in good working condition before your party starts. However, when setting up, if the driver feels it is not a good or safe place to set up the unit, due to obstacles that may damage the unit, he will not set-up and an alternative site will need to be found. Later that evening, we will return to take down the unit. Pick-up times are usually around dusk, before it gets too dark and safety issues arise.

Rain:

If it is pouring rain on the day of the event, we will not deliver your rental equipment. If it is a cloudy day and there is a slight chance of rain, we will plan on delivering your rental equipment, unless we hear from you. After delivery is made and it starts raining, there will NOT be any refunds. Once the rain slows down or stops, wipe down the equipment and have fun again. The kids do not care if it has rained – they just want to have fun. The vinyl equipment gets very slippery when wet, so make sure it is dry. If winds are more than 15 mph and you have rented a inflatable amusement, you must deflated the equipment.

Charges / Payment:

We do require a deposit. This deposit does go towards the balance of the inflatable. The deposit can be made with any major credit card or a personal check. Personal checks must be received 2 weeks prior to the event. The balance is due when the driver delivers the fun to your party. The balance can be paid with cash, cashiers check, credit card or money order.

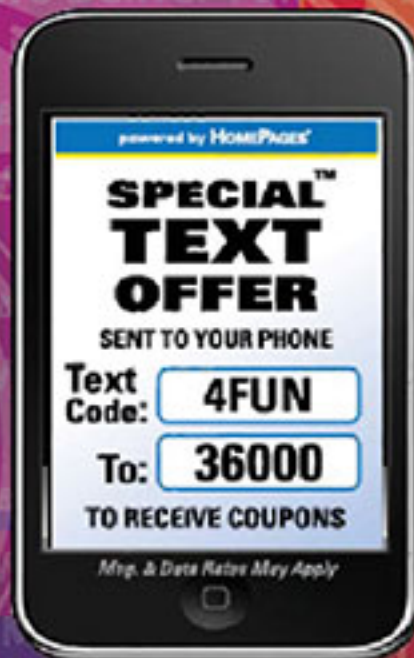

Insurance:

A Moon Jump 4U, Inc. carries liability insurance on all of our rentals. If your event needs "PROOF OF INSURANCE", our insurance company will be happy to supply you with the documentation. There is a small fee to be named as additionally insured. Just let us know when booking your order, and we'll include the document with your contract agreement.

Behavior:

Under no circumstances should anybody using the inflatable bounces to do flips or climb on the sides or the walls. The moon bouncers are not trampolines and do not have the rebound of a trampoline. Remember, the #1 objective is to have fun and safety is a must. Also, absolutely no silly string! This will eat into the vinyl of the inflatable. You are responsible for the safety of the children and for the care of the equipment.
